World Ministry Foundation: Opportunities

Ministries and Works

Children's homes, schools, church planting, leadership conferences, international Bible college, evangelism, television, video and music production, magazine and book publishing, job training, building and vehicle and maintenance, and administration.

Location of Ministry

The SE Asia Field Office is located in the city of Sriracha, Thailand. Churches and other ministries are established in eight nations of Asia and continue to expand.

Immigration Visas

It is very important that you contact us for the latest visa information before contacting a Thai embassy or consulate. You will need a letter of recommendation from one of our offices in order to obtain a non-immigrant visa.

Living Quarters

Missionaries are responsible to provide their own homes. Single missionaries will rent a bachelor apartment in the Lighthouse which is a comfortable and secure building belonging to the ministry. Families will be aided in finding a suitable house to rent.

Schooling

Missionaries are responsible to arrange schooling or home school their children. For home schooling, it is best to bring a one year supply of materials. In some places, international schools are available but they are usually expensive.

Living Expenses

Estimated monthly living expenses (medical or emergency costs not included): A couple with 2 children- \$1500/ month + travel expenses. A single person- \$500/ month + travel expenses.

Transportation

Public transportation is inexpensive and readily available in Thailand. There are many different types of public transport and it can sometimes be a bit confusing. Vehicles are expensive in Thailand because of high luxury taxes on them. Even a used vehicle can cost as much as double what it would in North America. Motorcycles are more reasonable but are not a safe means of transportation in urban areas. As a result, we do not recommend them.

Communication

Communicating prayer and financial needs to your church is important. Before you leave your home country, it is important to arrange to have a representative who will forward your prayer letters and keep your church informed. Internet cafes are available locally. High speed internet service is available. Cell phones are reasonable and there are plans for overseas calling.

Volunteer Position and Responsibility

Detailed Volunteer Responsibilities

To seek to help, fulfill, and work, within the ministries and projects of World Ministry Foundation (Thailand). Your position will entail employing your technical skills in innovative ways, helping in sometimes unfavorable conditions and undefined hours. You will need to exercise patience toward communication and cultural barriers. Many tasks will have to be accomplished on your own without the immediate help of others. You will have opportunity to teach your skills to others, initiate programs and encourage other team members in their ministries. Written articles, testimonies, teachings etc may be required for local ministry use as well as home front communication and promotion. There will be many opportunities to encourage and minister to others. Long-term missionaries may be expected to fill leadership rolls after their first year of service.

Term of Service

Long-term service begins with a preliminary, two-week visit to the field. The first year of a long-term involvement will be dedicated to learning the vision and functions of WMF through working closely with the apostolic leaders. These apprenticeship/probational requirements apply to incoming missionaries, Bible college students and national ministers. For the missionary, this first year is comprised of serving in many parts of the ministry, language and culture study, and building relationships with future team members. This insures an effective and responsible future in this particular ministry vision. After one year you will be ready to move into critical ministry responsibility. Associate leaders are needed in many areas and countries. A long-term commitment is four years with one home front visit about half way through. This commitment is extendable.

For a shorter term (up to one year), you are not required to fulfill an apprenticeship year but will join the ministry to complete a clearly defined project or position, this being the main purpose of your ministry. This commitment is not extendable and on

completion you agree to return home.

Operation and Commitments

Ministry Operation

This ministry is directed through fellowship, training, and corporate worship. All missionaries, staff and other leaders function as interdependent members of this apostolic ministry team. Everyone within reasonable traveling distance is required to attend the weekly ministry service on Sunday evenings. This meeting serves to impart ministry direction, provoke mutual edification of team members and facilitate inter-ministry communications. Tithes and offerings of members and member ministries are received and administered through this umbrella church. Ministry directors, Al & Terry Purvis, pastor the team through the ministry of this church. There are also regular staff meetings for prayer, planning and reporting.

All missionaries carry out their ministry responsibilities under the ultimate leadership of Pastors Al and Terry. Each missionary may also be assigned to a specific area of ministry under the direct leadership of certain department leaders.

Protection and support for the ministry and its leaders are assured by each member's commitment to speak well of one another, quench accusations, and deal with issues in a godly and profitable way. You will be responsible to learn and follow the process used in communication and making decisions that affect the people we minister to. We encourage you to be prepared to give liberally to help the needy but only with the consent of ministry directors so that ministry principles are not undermined.

Relationships

New romantic relationships cannot be formed during your first term as a missionary with WMF. Any improper romantic or sexual conduct will result in the individual(s) being sent home.

Our Commitment to You

We will do everything within our ability to provide shepherding and spiritual oversight and direction in your work and relationships on the field while you are with us. If any major personal or family problems occur, we will work together with your home pastor for your benefit.

Wherever we can, we will assist you in finding housing and transportation. We will help you deal with issues that are beyond your experience and help you become accustomed to and comfortable in this culture.

If any potential problems arise during your work with us, we will discuss them with you before making any decision.

Raising Financial Support & Financial Arrangements

World Ministry Foundation can provide information and promotional material, which will help you raise support. Once you have been accepted as a missionary with World Ministry Foundation, we can issue you a letter of recommendation that you can take to friends and churches as you request their support. From some countries we may be able to administrate your income and deliver it to you on the field monthly. From such countries please check with that office concerning their administrative charge to cover bank transfer fees and the issuing of tax-deductible receipts to your donors.

Wherever we have a local office or contact, donations may possibly be given and designated to your name by a separate note or on the bottom of the check.

It is good to suggest post-dated checks and leave them with our office. The Canadian office can receive auto-debit payments. Volunteers operate our ministry offices as efficiently as possible. These wonderful people do their best to keep us on the field. You will also need someone at home who will be responsible for your personal business and as a contact for our office in case of any peculiar or special needs.

To raise support; send a package of information to prospective people or churches, follow up with a phone call asking what they feel they can do to help. Don't forget to ask your present contacts for referrals to new contacts. Special sales, banquets or other activities provide good platforms for sharing your vision and gaining support.
